"ATEIS is leading the way in providing state of the art Voice Evacuation, Public Address, Professional Audio, Audio / Video and Acoustical Technology. Our innovative solutions meet the needs of a diverse range of applications by offering integrated solutions that are simple to use, creative, easy to install and cost effective.

Starting from the Voice Evacuation to distributed Professional Audio ending up with the Automations and AV Solutions, ATEIS ME with more than 20 specialized Engineers, provide the answers to many questions asked in the buoyant market of today.

Driven by technology, ATEIS ME provides Acoustic Solutions that offer breathtaking sound fidelity, suite your environment and integrated with your aesthetics.

Operating from three local offices in the Middle East and India, with head offices in Dubai Airport Free Zone (UAE), and regional offices in Abu Dhabi (UAE) and Mumbai (India), ATEIS is closer than ever to conform to your wishes when required.

ATEIS is scaling new heights of innovation, and we are proud that you are part of this..."
